What is the first project year? (e.g. the year equipment will be ordered or when first expenditures are expected to be made)

Q_15921

Is there any additional information you wish to provide that is relevant to your organization or project to be considered? If so, please provide.

Q_16316

Is the project located in or within a half mile of a Disadvantaged Community as identified by the Disadvantaged Communities map maintained by NYSERDA?

Q_16391

Did you answer yes to the any one of the following three questions?

Q_16310: Have any other entities completed a Climate Impact Statement or other similar form for this project?

Q_16312: Has an Environmental Impact Statement been prepared for this project?

Q_16314 Have the greenhouse gas emissions expected from the project been quantified in any other way?

Q_16510

Have you uploaded supporting documentation in the attachments section of this application?

Q_16372

Does the project involve new building construction or renovation of an existing building?

You should select 'Yes' only if the project involves new building construction or the renovation of an existing building. If you answer 'Yes' to less than 4 questions in this section (Part B - The Building), not including this question, and are awarded, you may be contacted to incorporate greenhouse gas mitigation measures into your project.

- This is a conditional question.
  1. If **YES** is selected then these questions will be displayed:

Q_13611

The NYS Smart Growth Public Infrastructure Policy Act requires that a public infrastructure project meet the relevant smart growth criterion to the extent practicable. Public Infrastructure projects consist of construction or reconstruction of transportation, sewer, wastewater treatment, water, education, housing and other publicly supported infrastructure.Does the proposed project build new public infrastructure, expand public infrastructure or use, maintain, or improve existing public infrastructure?

If you are maintaining or improving existing public infrastructure, please answer “YES”. If you are building new public infrastructure or expanding public infrastructure, please answer "YES".

If this is not applicable to your project, answer “NO”.

- This is a conditional question.
  1. If **Yes** is selected then these questions will be displayed:
     - Q_13612
     - Q_13613
     - Q_13614
     - Q_13615

     - Q_13622
     - Q_13623

Q_13613

Please explain the need to build new infrastructure instead of using or improving existing infrastructure. If n/a, please type N/A.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13612

Explain how the proposed project will use, maintain, or improve existing infrastructure.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13614

Please explain how the proposed project is located in a municipal center.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13615

Please explain how the proposed project is located in a developed area or an area designated for concentrated infill development in a municipally approved comprehensive land use plan, local waterfront revitalization plan and/or brownfield opportunity area plan. Specifically, explain how your project advances infill development or redevelopment in existing developed areas consistent with an approved plan. Infill development includes redevelopment, rehabilitation and new development between existing buildings on vacant or under-utilized sites.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13616

Please explain how the proposed project will protect, preserve and enhance the State's resources, including agricultural land, forests, surface and groundwater, air quality, recreation and open space, scenic areas, and significant historic and archeological resources. Beyond simply avoiding or minimizing negative environmental impacts, please indicate the resources that may be impacted by your project and how your project will preserve and enhance these resources.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13617

Please explain how the proposed project will foster mixed land uses and compact development, downtown revitalization, Brownfield redevelopment, the enhancement of beauty in public spaces, the diversity and affordability of housing in proximity to places of employment, recreation and commercial development and the integration of all income and age groups. Specifically, explain how your project advances these objectives and improves the quality of life in your community.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13618

Please explain how the proposed project will provide mobility through transportation choices including improved public transportation and reduced automobile dependency. There are many alternatives to automobile transportation. Please explain how your project provides or complements alternatives to automobile travel such as bikes, pedestrians, public transit, air travel or rail travel.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13619

Please explain how the proposed project will involve coordination between state and local government and inter-municipal and regional planning. Identify any interaction between the applicant and any municipal and county governments, planning boards, regional planning associations or similar organizations. Document any outreach by the applicant to these organizations regarding the project and any relevant correspondence.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13620

Please explain how the proposed project will involve participation in community-based planning and collaboration. Specifically, explain how the project results from an inclusive, multi-stakeholder (including traditionally underserved populations) process of community-based planning and collaboration. To assist with your explanation, identify any affected community groups or organizations with an interest in the proposed project and if the planning process involved outreach to citizens and stakeholders at all stages of development of the project.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13621

Please explain how the proposed project will ensure predictability in building and land use codes. Provide any additional relevant information.

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13622

Please explain how the proposed project will promote sustainability by strengthening existing and creating new communities which reduce greenhouse gas emissions and do not compromise the needs of future generations, by among other means encouraging broad based public involvement in developing and implementing a community plan and ensuring the governance structure is adequate to sustain its implementation. Specifically, explain how your project promotes sustainability. For example, does your project include buildings and plans that seek to minimize consumption of fossil fuels (coal, petroleum), reduce water usage / consumption, and encourage the use of renewable energy (wind, solar, and geo-thermal).

- This is a conditional question based on the answer to Q_13611. This question displays when selecting the answer: "**Yes**"

Q_13623

Please explain how the proposed project will mitigate future physical climate risk due to sea-level rise, and/or storm surges and/or flooding, based on available data predicting the likelihood of future extreme weather events, including hazard risk analysis data.

Specifically, explain how your project demonstrates that future physical climate risk due to sea-level rise, storm surge and flooding have been considered. For example, have you demonstrated consideration of the flood risk applicable to your specific structure type? Explain how the siting and design have evaluated flood-risk considerations, including, but not limited to, human health and safety, environmental effects, cost, funding-source requirements, feasibility and community impact.
