Program Questions:
2024 Municipal ZEV Infrastructure Grants

Q_16393

Is the applicant a municipality, defined as a county, city, town, or village of the State of New York?

Q_16394

Is the proposed EVSE infrastructure a networked L2 charger with one or more SAE J1772 ports appearing on the NYSERDA, Utility Make Ready, or NYSOGS Contract lists and having a minimum charge capacity of 7.2kW OR a networked DCFC with any combination of CHAdeMO, SAE, or CCS ports with a minimum charge capacity of 50kW appearing on the Utility Make Ready or NYSOGS Contract lists, OR hydrogen fueling infrastructure utilizing hydrogen derived from electrolysis with a minimum pressure of 70 megapascals and the capacity to dispense at least 100 kg/day?

Q_16395

Will the applicant municipality be the owner of all infrastructure and project components funded by this grant application and ensure accessibility to, and functionality of, the infrastructure for a minimum of 10-years?

Q_16402

Is the applicant municipality registered in the Statewide Financial System Grants Management System (SFS GM)? Although application to the DEC Municipal Zero-emission Vehicle Infrastructure grant program takes place in the CFA, the contracting process occurs in the SFS GM. Therefore, all applicants must be registered in the SFS GM at the time of application. Applicants that are not registered will be deemed ineligible.

Q_16403

Is the site of EVSE installation publicly accessible?

Q_16404

Is the primary purpose of the facility public charging or fueling of zero-emissions vehicles?

Q_928

Project Street Address: Please input the project street address (**Street Number and Street Name only**).

If the project has multiple locations, please input the primary street address of the project. If the project does not have a definite street address, please input the approximate street address of the project (Street Number and Street Name only).

Q_565

Project City

Q_568

Project State
- Choice Options: AA,AL,AK,AZ,AR,CA,CO,CT,DE,FL,GA,HI,ID,IL,IN,IA,KS,KY,LA,ME,MD,MA,MI,MN,MS,MO,MT,NE,NV,NH,NJ,NM,NY,NC,ND,OH,OK,OR,PA,RI,SC,SD,TN,TX,UT,VT,VA,WA,WV,WI,WY,AS,DC,FM,GU,MH,MP,PW,PR,VI

Q_972

Project county or counties.

Q_1034

Project ZIP Code. (please use ZIP+4 if known)

Q_3527

US Congressional District where the project is located. (This question's value will be filled automatically, based on the project address, when the application is finalized.)
- Choice Options: 1,2,3,4,5,6,7,8,9,10,11,12,13,14,15,16,17,18,19,20,21,22,23,24,25,26,27

Q_572

Project Latitude (This question's value will be filled automatically, based on the project address, when the application is finalized.)

Q_573

Project Longitude (This question's value will be filled automatically, based on the project address, when the application is finalized.)

Q_184

NYS Assembly District where the project is located. (This question's value will be filled automatically, based on the project address, when the application is finalized.)

Q_190

NY Senate District where the project is located. (This question's value will be filled automatically, based on the project address, when the application is finalized.)

Q_549

Type of Applicant (select one)
Applicants will first select a single applicant type from the categories below and then a subtype based on their initial selection. Applicants should review the selections below which provides a list of subtypes by main applicant type.

1. For Profit entity options:
Limited Liability Corporation (LLC)
Limited Liability Partnership (LLP)
Sole Proprietorship
S Corporation
C Corporation
Limited Partnership (LP)
Other- applicant will be required to list their other for-profit designation.

2. Not-for profit entity options:
501(c)(1) Any corporation that is organized under an act of Congress that is exempt from federal income tax;
501(c)(2) Corporations that hold a title of property for exempt organizations;
501(c)(3) Corporations/funds/foundations that operate for religious/ charitable/ scientific/ literary/ educational purposes;
501(c)(4) Nonprofit organizations that promote social welfare;
501(c)(5) Labor, agricultural, or horticultural associations;
501(c)(6) Business leagues/chambers of commerce/etc. that are not organized for profit;
501(c)(7) Recreational organizations; and
Other- applicant will be required to list their other not-for-profit designation.

3. Government entity options:
Federal
State
County
City
Town
Village
Tribal
School District
County or Town Improvement District
District Corporation
Public Authority
Business Improvement District
Fire District
Board of Cooperative Education Services (BOCES)
Public Library
Association Library
Other- applicant will be required to list their other government designation.
- Choice Options: For-Profit, Not-for-Profit, Government
- This is a conditional question.
    1. If **For-Profit** is selected then **Q_15475** will be displayed
    2. If **Government** is selected then **Q_15478** will be displayed
    3. If **Not-for-Profit** is selected then **Q_15477** will be displayed

Q_15478

Select the government entity of the applicant applying for funding:
- Choice Options: Federal, State, County, City, Town, Village, Tribal, School District, County or Town Improvement District, District Corporation, Public Authority, Business Improvement District, Fire District, Board of Cooperative Education Services (BOCES), Public Library, Association Library, Other
- This is a conditional question.
    1. If **Other** is selected then **Q_15485** will be displayed
- This is a conditional question based on the answer to **Q_549**. This question displays when selecting the answer: **"Government"**

Q_15485

Enter the applicant's 'Other' government entity designation.
- This is a conditional question based on the answer to **Q_15478**. This question displays when selecting the answer: **"Other"**

Q_556

Select an applicant ID type from the list below that you normally use to identify your organization on application forms.
- Choice Options: Charity Reg #, Duns Number, Federal Tax ID Number, NYS Unemployment Insurance Tax Number,NYS Vendor Identification Number (SFS),Employee Identification Number (EIN),Unique Entity Identifier (UEI)

Q_2655

Based on your selection from the previous question, enter the associated ID number.

Q_546

Organization Legal Name

Q_551

Applicant Street Address

Q_552

Applicant City

Q_553

Applicant State

Q_554

Applicant ZIP Code. (please use ZIP+4 if known)

Q_651

Applicant Telephone Number (please include area code)

Q_555

Applicant Email Address

Q_5257

Contact Salutation
- Choice Options: Mr., Mrs., Ms., Dr.

Q_547

Contact First Name

Q_1049

Contact Last Name

Q_1050

Contact Title

Q_5490

Primary Organization

Q_3688

Contact Street Address

Q_3689

Contact City

Q_3690

Contact State

Q_3691

Contact ZIP Code (please use ZIP+4 if known)

Q_562

Primary Contact Phone Number. (please include area code)

Q_3692

Contact Email

Q_5493

Additional Salutation
- Choice Options: Mr., Mrs., Ms., Dr.

Q_1052

Additional Project Contact First Name

Q_970

Additional Project Contact Last Name

Q_1051

Additional Contact Title

Q_5492

Additional Organization

Q_3693

Additional Contact Street Address

Q_3694

Additional Contact City

Q_3695

Additional Contact State

Q_3696

Additional Contact ZIP (please use ZIP+4 if known)

Q_3697

Additional Contact Telephone Number (please include area code)

Q_561

Additional Contact Email Address

Q_575

Project Description. Concisely describe the project, indicating the location, what will be planned, designed, acquired, and/or constructed, the issues/opportunities to be addressed, and expected outcomes and deliverables. Additional details will be collected later in the application process.

Q_976

Statement of need: Provide a brief summary of the need for the project in the geographic area proposed and the project's financing needs, including funding gaps of the proposed project.

Q_929

Current State of Project Development (i.e. planning, preliminary engineering, final design, etc. You may enter N/A for non-project related applications)

Q_975

Estimated Project Timeline: include project start/completion dates, estimates for design, permitting and construction or other major steps.

Q_580

Provide a list of all federal, state, and local reviews, approvals, or permits needed or completed, including the dates when they are expected to be completed or were completed. If Not Applicable, indicate "NA".

Q_4160

For each program to which you are applying under the CFA, explain your strategy for proceeding if the full amount of requested funding, required matching funds, and temporary financing are not secured as expected, or committed sources become unavailable.This explanation must address any proposed project phases, and both CFA and non-CFA sources of funds.

Q_16406

Applicants (municipalities) are required to download the Executive Order 16 Form provided in the link below, fill in the fields, sign the form, and upload the completed form. Form must be signed by the municipal applicant. Applications without a signed Executive Order 16 Form will be deemed ineligible.

Q_16407

Applicants are required to download the Sexual Harassment Prevention Certification Form provided in the link below, fill in the fields, sign the form, and upload the completed form. If the certification cannot be made, applicants are required to upload a signed statement detailing the reasons why the certification cannot be made. Applications without a signed Sexual Harassment Prevention Certification Form or a statement detailing the reasons why the certification cannot be made will be deemed ineligible.

Q_16408

Pursuant to NYS's Smart Growth Public Infrastructure Policy Act, a Smart Growth Assessment form must be completed as part of the application. Applicants are required to download the Smart Growth Assessment Form provided in the link below, fill in the fields, sign the form, and upload the completed form. Applications without a signed Smart Growth Assessment Form will be deemed ineligible.

Q_16409

Attach a proposed work plan for the project using the provided template. See the State Defined Work Plan (attached to the RFA) for guidance. Follow the SFS GM format of objectives (goals), tasks, and performance measures (deliverables). Applications that do not include a completed work plan, using the provided template, will be deemed ineligible. A Microsoft Word version of this template may be requested by e-mailing zevrebate@dec.ny.gov. Attachment cannot exceed 30MB.

Q_16410

Attach a budget for the project using the provided template. The budget information provided in the template should include ONLY grant and match for the Municipal ZEV Infrastructure Grant Program funded portion of the project. If the total project cost is above the grant plus match amount for this grant program, include the entire cost and all funding programs in the CFA budget. Applications that do not include a complete budget, using the provided template, will be deemed ineligible. A Microsoft Word version of this template may be requested by e-mailing zevrebate@dec.ny.gov.

Q_16411

Upload documents such as quotes and pricing sheets that substantiate the costs included in the budget for each budget category.

Q_16412

Upload specification sheets for all EVSE equipment to be installed as part of the proposed project.

Q_16413

Is the project a partnership between one or more municipalities or municipal and non-municipal entity(ies)?
- This is a conditional question.
    1. If **Yes** is selected then **Q_16414** will be displayed

Q_16414

Attach as a single file, letters of commitment, existing or draft Memoranda of Understanding/Agreement, lease arrangements, or other mechanisms authorizing the partnership and defining the roles, responsibilities, and financial contribution of each partner directly participating in the proposed project. The work plan must denote the tasks to be completed by each partner and the budget must denote the portion of match to be contributed by each partner.
- This is a conditional question based on the answer to **Q_16413**. This question displays when selecting the answer: **"Yes"**

Q_16415

Is the project site located in a disadvantaged community census tract?
- This is a conditional question.
    1. If **Yes** is selected then **Q_16416** will be displayed

Q_16416

Upload a map depicting the disadvantaged community(ies) within the municipal boundary AND a street-level map depicting the location of the project within the disadvantaged community census tract. Attachment C of the request for applications provides instructions on how to use the DECinfo Locator to map disadvantaged community census tracts within a municipality.
- This is a conditional question based on the answer to **Q_16415**. This question displays when selecting the answer: **"Yes"**

Q_16417

Upload a map of the project location overlaid with a FEMA effective flood insurance rate map (FIRM) or comparable flood-risk map if an effective FIRM is not available for the project site. Project sites located in a floodplain must floodproof the infrastructure.

Q_16418

Will all work take place on property owned by the municipal applicant?
- This is a conditional question.
    1. If **No** is selected then **Q_16420** will be displayed
    2. If **Yes** is selected then **Q_16419** will be displayed

Q_16419

Upload documentation of ownership, such as a deed, or documentation clearly depicting the municipal right-of-way (ROW) along the project area. Highlight the project area in ROW documentation.
- This is a conditional question based on the answer to **Q_16418**. This question displays when selecting the answer: **"Yes"**

Q_16420

Upload a notarized written statement from the property owner in support of the project, indicating an agreement to enter into a climate change mitigation easement (CCME), OR a draft CCME, OR agreement to enter into a DEC approved agreement from a government entity not authorized to enter into a CCME.
- This is a conditional question based on the answer to **Q_16418**. This question displays when selecting the answer: **"No"**

Q_16421

Will land value be used as match?
- This is a conditional question.
    1. If **Yes** is selected then **Q_16422** will be displayed

Q_16422

Upload 1. a map identifying the property including section-block-lot number and adjacent roadways; 2. appraisal report with the valuation date within one (1) year of application submission date; 3. copy of the recorded deed conveying title with legal and narrative descriptions and 4. method of calculation determining total land value (excluding buildings) of the parking spaces to be utilized for ZEVs. Note: Deed will need to be amended to contain Notice of Grant language.

- This is a conditional question based on the answer to **Q_16421**. This question displays when selecting the answer: **"Yes"**

Q_16423

All applicants must upload an Operations, Maintenance, and Mitigation Monitoring Plan. The plan must, at minimum, address the following: snow removal, floodproofing (if facility is located in a 100-year floodplain), cable and plug inspections, parking of non-EV vehicles in EV dedicated spaces, customer support, ensuring public access for 10-years, physical and software maintenance for a minimum of 10-years, ADA accessibility, modem/hardware upgrades and replacement, and long-term electrical costs (including possible demand charges) that may not be recouped from users. Applications without OMMM plans or OMMM plans that are found to be deficient will be deemed ineligible.

Q_16424

Will the proposed facility be used for municipal fleet charging?
- This is a conditional question.
    1. If **Yes** is selected then **Q_16425** will be displayed

Q_16425

Upload a shared use plan as defined in the RFA. The shared use plan must designate more than 50% of the available ports for public use.
- This is a conditional question based on the answer to **Q_16424**. This question displays when selecting the answer: **"Yes"**

Q_16426

Upload a satellite image showing the proposed site and location of the chargers on the site. Label adjacent roadways and points of interest.

Q_16427

Upload a site plan depicting the location of all EVSE, distance from existing or new electrical panel and/or meter, and power source location, if known (for charging stations). Distinguish between charging stations or hydrogen filling stations in existence prior to this grant application and charging stations or hydrogen filling stations to be added as part of this proposed project, as well as existing & planned infrastructure.

Q_16428

Will Utility Make Ready funds be used as match?
- This is a conditional question.
    1. If **Yes** is selected then **Q_16429** will be displayed

Q_16429

Upload a copy of the award letter or contract, or, if funds have not yet been award, a copy of the application.
- This is a conditional question based on the answer to **Q_16428**. This question displays when selecting the answer: **"Yes"**

Q_16430

Briefly describe the project, site work to be competed, and electrical needs at the location that corresponds with this application only.

Q_16432

Briefly describe the accessibility of the proposed facility location, and any limitations on public access, including gates, hours of closure, security, and/or physical site factors.

Q_16433

Provide the address where the EVSE will be installed. If there is not an exact address, approximate and address.

Q_16434

Provide the coordinates of the EVSE facility in WGS 84 Web Mercator.

Q_16435

List all project participants (staff, volunteers, contractors, departments, etc.) and describe their role(s) and their contribution to the tasks identified in the budget and work plan.

Q_16436

If the project site is located in a disadvantaged community census tract, what is the census tract identifier number? Attachment C of the RFA provides instructions on how to use the DECinfo Locator to map disadvantaged community census tracts within a municipality.

Q_16437

What is the municipal applicants MHI according to census table B19013? See Attachment B of the RFA for instructions.

Q_16438

What is the local match percentage based on the applicants MHI and the infrastructures' location inside or outside a disadvantaged community? See RFA for details.
- Choice Options: 0%, 10%, 20%

Q_16439

Describe the local match in dollar amount, source, and percentage of total project cost. State and federal funding sources are not an eligible source of match.

Q_16440

Will Utility Make Ready Funds be used as match?
- This is a conditional question.
   1. If **Yes** is selected then **Q_16441** will be displayed

Q_16441

Detail what costs will be coved by Utility Make Ready Program and what costs will be covered by the DEC Municipal ZEV Infrastructure Grant. Note that Utility Make Ready Programs typically do not cover the cost of charging stations.
- This is a conditional question based on the answer to **Q_16440**. This question displays when selecting the answer: **"Yes"**

Q_16444

Will the project be undertaken in partnership with any other municipal or non-municipal entities?
- This is a conditional question.
   1. If **Yes** is selected then **Q_16445** will be displayed

Q_16445

Identify all project partners and briefly describe partner roles, responsibilities, and match contribution. (Does not apply to contractors.)
- This is a conditional question based on the answer to **Q_16444**. This question displays when selecting the answer: **"Yes"**

Q_16446

Is the proposed facility Level 2 EVSE, DCFC EVSE, a combination of Level 2 and DCFC, or a hydrogen fuel facility?
- Choice Options: Level 2, DCFC, Level 2 and DCFC, Hydrogen Fuel
- This is a conditional question.
   1. If **DCFC** is selected then these questions will be displayed:
      - **Q_16460**
      - **Q_16461**
      - **Q_16462**
      - **Q_16463**
      - **Q_16464**
      - **Q_16465**
      - **Q_16466**
      - **Q_16467**
      - **Q_16468**
      - **Q_16469**
      - **Q_16470**
      - **Q_16471**
      - **Q_16472**
   2. If **Hydrogen Fuel** is selected then these questions will be displayed:
      - **Q_16493**
      - **Q_16494**
      - **Q_16495**
      - **Q_16496**
      - **Q_16497**
      - **Q_16498**
      - **Q_16499**
      - **Q_16500**
   3. If **Level 2** is selected then these questions will be displayed:
      - **Q_16447**
      - **Q_16448**
      - **Q_16449**
      - **Q_16450**
      - **Q_16451**
      - **Q_16452**
      - **Q_16453**
      - **Q_16454**
      - **Q_16455**
      - **Q_16456**
      - **Q_16457**
      - **Q_16458**
      - **Q_16459**
   4. If **Level 2 and DCFC** is selected then these questions will be displayed:
      - **Q_16473**
      - **Q_16474**
      - **Q_16475**
      - **Q_16476**
      - **Q_16477**
      - **Q_16478**
      - **Q_16479**
      - **Q_16480**
      - **Q_16481**
      - **Q_16482**
      - **Q_16483**
      - **Q_16484**
      - **Q_16485**
      - **Q_16486**
      - **Q_16487**
      - **Q_16488**
      - **Q_16489**
      - **Q_16490**
      - **Q_16491**
      - **Q_16492**

Q_16447

What is the manufacturer, make, and model of the Level 2 station(s) to be installed? Eligible models can be found on the NYSERDA Charge Ready, Utility Make Ready, and OGS State Contract documents linked in the request for applications
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2"**

Q_16448

What is the total number of Level 2 charging STATIONS to be installed?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2"**

Q_16449

What is the total number of Level 2 PORTS to be installed?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16450

What type of ports will be included on the Level 2 charger?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16451

What is the minimum charging capacity of the proposed Level 2 charging station(s)?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16452

Will the Level 2 charging station(s) be networked?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16453

Has THIS Level 2 infrastructure (to be installed), at THIS facility, received funding from NYSERDAs Charge Ready NY program?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16454

Will the Level 2 charging stations use Open Charge Alliance's Open Charge Point Protocol (OCPP) v2.0.1 or later?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16455

Is the facility directly connected to a source of, or exclusively purchases, renewable energy (wind, solar)? Describe.
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16456

Is the facility directly connected to energy storage (e.g., battery)? Describe.
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16457

What is the cost for cable, conduit, trenching, and restoration costs, including supplies, materials, and labor. Will this work be contracted or performed by municipal staff? If any work is to be performed by municipal staff, separate the cost of contractual work from personnel costs.
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16458

What are the costs for electrical infrastructure such as panels and breakers, including supplies, materials, and labor. Will this be supplied by the contractor or purchased directly by the municipality?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16459

What is the cost for all non-electrical infrastructure costs such as bollards, signage, striping and mounting bases and/or hardware. Will these be supplied by the contractor or purchased by the municipality?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**Level 2**"

Q_16460

What is the manufacturer, make, and model of the DCFC station(s) to be installed? Eligible models can be found on the Utility Make Ready and OGS State Contract documents linked in the request for applications.
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**DCFC**"

Q_16461

What is the total number of DCFC PEDESTALS to be installed?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**DCFC**"

Q_16462

What is the total number of DCFC PORTS to be installed?
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**DCFC**"

Q_16463

What type of ports (CCS, CHAdeMO, CCS /SAE, CHAdeMO/SAE) will be included on each charger? Some units contain 1 DCFC port and one SAE J1772, others contain two DCFC ports.
- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: "**DCFC**"

Q_16465

What is the minimum charging capacity of the DCFC?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"DCFC"**

Q_16466

Will the DCFC EVSE be networked?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"DCFC"**

Q_16467

Will the units use Open Charge Alliance's Open Charge Point Protocol (OCPP) v2.0.1 or later?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"DCFC"**

Q_16468

Is the facility directly connected to a source of, or exclusively purchases, renewable energy such as wind or solar? Describe.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"DCFC"**

Q_16469

Is the facility directly connected to energy storage (e.g., battery)? Describe.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"DCFC"**

Q_16470

What is the cost for cable, conduit, trenching, and restoration costs, including supplies, materials, and labor? Will this work be contracted or performed by municipal staff? If any work is to be performed by municipal staff, separate the cost of contractual work from personnel costs.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"DCFC"**

Q_16471

What are the costs for electrical infrastructure such as panels and breakers, including supplies, materials, and labor? Will this be supplied by the contractor or purchased directly by the municipality?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"DCFC"**

Q_16472

What is the cost for all non-electrical infrastructure costs such as bollards, signage, striping and mounting bases and/or hardware? Will these be supplied by the contractor or purchased by the municipality?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"DCFC"**

Q_16473

What is the manufacturer, make, and model of the Level 2 station(s) to be installed? Eligible models can be found on the NYSERDA Charge Ready, Utility Make Ready, and OGS State Contract documents linked in the request for applications. (Spec sheet to be uploaded to the corresponding attachment question).

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16474

What is the total number of Level 2 charging STATIONS to be installed?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16475

What is the total number of Level 2 PORTS to be installed?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16476

What type of ports will be included on the Level 2 charger?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16477

What is the minimum charging capacity of the Level 2 charger?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16478

Will the Level 2 EVSE be networked?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16479

Has THIS Level 2 infrastructure (to be installed), at THIS facility, received funding from NYSERDAs Charge Ready NY program?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16480

What is the manufacturer, make, and model of the DCFC station(s) to be installed? Eligible models can be found on the Utility Make Ready and OGS State Contract documents linked in the request for applications.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16481

What is the total number of DCFC PEDESTALS to be installed?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16482

What is the total number of DCFC PORTS to be installed?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16483

What type of ports (CCS, CHAdeMO, CCS /SAE, CHAdeMO/SAE) will be included on each charger? Some units contain 1 DCFC port and one SAE J1772, others contain two DCFC ports.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16484

What is the make and model of each DCFC charging station to be installed? (

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16485

What is the minimum charging capacity of the DCFC EVSE?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16486

Will the DCFC EVSE be networked?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16487

Will the DCFC units use Open Charge Alliance's Open Charge Point Protocol (OCPP) v2.0.1 or later?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16488

Is the DCFC facility directly connected to a source of, or exclusively purchases, renewable energy such as wind or solar? Describe.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16489

Is the DCFC facility directly connected to energy storage (e.g., battery)? Describe.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16490

What is the cost for cable, conduit, trenching, and restoration costs, including supplies, materials, and labor. Will this work be contracted or performed by municipal staff? If any work is to be performed by municipal staff, separate the cost of contractual work from personnel costs.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16491

What are the costs for electrical infrastructure such as panels and breakers, including supplies, materials, and labor. Will this be supplied by the contractor or purchased directly by the municipality?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16492

What is the cost for all non-electrical infrastructure costs such as bollards, signage, striping and mounting bases and/or hardware. Will these be supplied by the contractor or purchased by the municipality.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Level 2 and DCFC"**

Q_16493

What components of a hydrogen fuel filling station are proposed to be purchased and installed as part of this proposed project?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Hydrogen Fuel"**

Q_16494

What is the manufacturer, make, and model of all hydrogen fuel filling station equipment to be installed?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Hydrogen Fuel"**

Q_16495

What is the total number of hydrogen fuel cell nozzles to be installed with these funds?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Hydrogen Fuel"**

Q_16496

What Is the source of the hydrogen fuel (how is it created)?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Hydrogen Fuel"**

Q_16497

What is the minimum pressure and daily dispensing capacity of the hydrogen fuel filling station?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Hydrogen Fuel"**

Q_16498

What hydrogen fuel filling station components will be charged to this grant for both grant dollars and match dollars?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Hydrogen Fuel"**

Q_16499

What funding will cover the balance of the project costs?

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Hydrogen Fuel"**

Q_16500

What is the cost for all hydrogen fuel filling station components including supplies, materials, and labor. Will this work be contracted or performed by municipal staff? If any work is to be performed by municipal staff, separate the cost of contractual work from personnel costs.

- This is a conditional question based on the answer to **Q_16446**. This question displays when selecting the answer: **"Hydrogen Fuel"**
