Long Island Achieve Program

Q_3116

Have any of the expenses for this project (or, in the case of a multi-phase project, the phase of the project for which funds are being requested) been incurred or are expected to be incurred prior to an award for funding?

- Question Type: Threshold
- Required: Yes
- Answer Type: Yes/No
- Question Requirements:

ESD funding awards are offered as an incentive to undertake a project. Therefore, ESD cannot consider assistance for project activities commenced or committed to (such as ordering machinery and equipment and committing to land purchase) prior to the announcement of funding awards. In addition, investment and expenses incurred prior to submission of a CFA should not be included in project budgets. By selecting no, you are confirming that project activity (or, in the case of a project with multiple stages, activity for the project stage described in this application) will not commence or be committed to prior to the announcement of funding awards. If your project has extenuating circumstances that present a conflict with this requirement, please contact your ESD Regional Office.

Q_3118

Does the proposed project budget include a 10% cash equity contribution from the Applicant?

- Question Type: Threshold
- Required: Yes
- Answer Type: Yes/No
- Question Requirements:

Equity is defined as cash injected into the project by the Applicant or by investors and should be auditable through Applicant financial statements or accounts, if so requested by ESD. Equity cannot be borrowed money secured by the assets in the project or grants from a government source.

- Question Header: NEW NET JOBS TO BE CREATED AS A RESULT OF THE PROJECT

In the Table below, provide a breakdown by general category/job type to indicate how many net new full-time employees/jobs the company will create cumulatively by year (using the definition in the question above) as a result of the project. The total in the bottom right-hand corner needs to equal the number in the subsequent question that follows this table.

- 1) Enter the type of job by general category.
- 2) Enter the average gross annual wages for each job type.
- 3) Enter CUMULATIVE job totals in the table below. Cumulative job totals mean that each

subsequent year in the chart includes jobs created in all prior years. The job number in the bottom right-hand corner on the chart is the full number of jobs created over all five years and needs to equal the number in the subsequent question that follows this table. The number of net new jobs in each cell should be consistent with the definitions from the top of the page, where total new full-time employees/jobs are added to total new full-time equivalent employees/jobs to get the total number of net new jobs that can counted.

i.e. if there are 10 jobs being created each year for 5 years in one category, enter 10 for year 1; 20 for year 2; 30 for year 3; 40 for year 4; 50 for year 5.

If awarded, your company or entity will be held to the job creation commitments as outlined in the table below and question above. For grants, should you fail to meet the job creation commitments, recapture provisions may apply. For Excelsior, each years job commitment is evaluated separately to determine if tax credits can be issued.

Applicants should reach out to the regional office in which their project is located if they have any questions on how to fill this table out.

- Question Type: Jobs
- Required: No
- Answer Type: Integer

Q_7506

Indicate how many net new full-time jobs the company will create over 5 years. Please ensure this number is the same as the cumulative total number of jobs you entered for year 5 from the Net New Job Information table above.

The number of net new jobs should be consistent with the definitions from the top of the page, where total new full-time employees/jobs are added to total new full-time equivalent employees/jobs to get the total number of net new jobs that can counted.

If awarded, your company or entity will be held to the job creation commitments as outlined in this question and table below. For grants, should you fail to meet the job creation commitments, recapture provisions may apply. For Excelsior, each years job commitment is evaluated separately to determine if tax credits can be issued.

 1. If **Yes** is selected then **Q_6070** will be displayed
- Question Requirements:

Applications to the State, including their accompanying documents, are subject to the Freedom of Information Law (FOIL) found in [Article 6 of the N.Y. Public Officer Law](#). FOIL provides that certain records are exempt from disclosure, including those that contain (1) trade secrets, (2) information that, if disclosed, would cause substantial injury to the competitive position of your organization, or (3) critical infrastructure information. Records may be redacted to protect only the portions of documents that fall within a FOIL exemption. An entire document may not be withheld if only a portion of the document is exempt from disclosure. Blanket assertions that information is a trade secret, confidential, or proprietary are insufficient to justify withholding information under FOIL. The identified information will be reviewed and a determination will be made as to whether the information is exempt from disclosure under FOIL. The State’s determination may be appealed pursuant to POL §89(5)(c). Pursuant to POL §87(2)(b), the State will redact information that “if disclosed would constitute an unwarranted invasion of personal privacy.”

Q_6070

Please identify the Question # and specific language for those portions of your application and accompanying documents you believe fall under these exemptions, and provide a detailed justification for the exemption from disclosure. Q_13611

The NYS Smart Growth Public Infrastructure Policy Act requires that a public infrastructure project meet the relevant smart growth criterion to the extent practicable. Public Infrastructure projects consist of construction or reconstruction of transportation, sewer, wastewater treatment, water, education, housing and other publicly supported infrastructure. Does the proposed project build new public infrastructure, expand public infrastructure or use, maintain, or improve existing public infrastructure?

If you are maintaining or improving existing public infrastructure, please answer "YES". If you are building new public infrastructure or expanding public infrastructure, please answer "YES".

If this this is not applicable to your project, answer "NO".

Municipal Centers are areas of concentrated and mixed land use that serve as centers of various activities (civic, commercial, recreational, and residential, among others). Specific examples include Central Business Districts; Brownfield Opportunity Areas (BOAs); Downtowns in Local Waterfront Revitalization Program (LWRP) Areas; Transit-Oriented Development, Environmental Justice Areas and Hardship Areas; in many instances, an entire city, village or hamlet can be considered a municipal center. This definition can include development “adjacent to municipal centers” and a “future municipal center” – an area planned and zoned to be a municipal center.

For specific guidance on rail/port, aviation, and other transportation projects please refer to [Smart Growth Public Infrastructure Policy Act](#)

Q_13615

Please explain how the proposed project is located in a developed area or an area designated for concentrated infill development in a municipally approved comprehensive land use plan, local waterfront revitalization plan and/or brownfield opportunity area plan. Specifically, explain how your project advances infill development or redevelopment in existing developed areas consistent with an approved plan. Infill development includes redevelopment, rehabilitation and new development between existing buildings on vacant or under-utilized sites.
