If permits have been received or SEQRA determination completed, the applicant should submit these items.**

Q_19247

For projects that are final design, design/construction, or construction only, applicant must submit proof of site control for all properties where improvements will be made. Applications that do not provide site control documentation will be found ineligible. See Question Requirements link for more information on acceptable documentation of site control.

- Question Header: Site Control Documentation
- Question Type: Attachment
- Required: No
- Answer Type: Attachment
- Question Requirements:

For all projects the applicant must identify the current legal owner(s) for all properties where improvements will be implemented and must provide proof with the application that all final design and/or construction work will be performed on public property or where a permanent public interest, such as an easement (e.g. public access, conservation) has been established prior to the grant application due date.

If property is owned by:

- the applicant municipality, submit the property deed, current tax roll or property record card.
- a municipality or public entity that is not the applicant, submit the property deed, current tax roll or property record card and a letter of support or resolution from the landowner supporting the project.
- private property owner or not-for-profit, submit the property deed, current tax roll or property record card and executed public access easement, conservation easement, or similar legal instrument establishing permanent public interest in the property.

Applications that do not provide this documentation will be found ineligible and will not be scored.

Note: Site control does not need to be established at time of application for planning, feasibility studies, preliminary design (up to 30%) or similar projects which do not include final design and/or construction work. The Department shall have the sole discretion of determining if a proposed project includes design and/or construction work.

Executive Order No. 16 provides that "all Affected State Entities are directed to refrain from entering into any new contract or renewing any existing contract with an entity conducting business operations in Russia." The complete text of Executive Order No. 16 can be found at <https://www.governor.ny.gov/executive-order/no-16-prohibiting-state-agencies-and-authorities-contracting-businesses-conducting>

The Executive Order remains in effect while sanctions imposed by the federal government are in effect. Accordingly, vendors who may be excluded from award because of current business operations in Russia are nevertheless encouraged to respond to solicitations to preserve their contracting opportunities in case the sanctions are lifted during a solicitation or even after award in the case of some solicitations. As defined in Executive Order No. 16, an "entity conducting business operations in Russia" means an institution or company, wherever located, conducting any commercial activity in Russia or transacting business with the Russian Government or with commercial entities headquartered in Russia or with their principal place of business in Russia in the form of contracting, sales, purchasing, investment, or any business partnership.
