

- The activation of OMNY readers at the Queensboro Plaza station in Queens marks the completion of the 7 line and the halfway point in the MTA's effort to activate OMNY at all 472 subway stations in the system.
- OMNY installation remains set to be completed by the end of the year at all subway stations and on all MTA-operated buses.
- A list of all subway stations and bus routes where OMNY is currently in use is at this link: <https://omny.info/system-rollout>
- In March, the MTA announced OMNY had surpassed 10 million taps.
- In 2021, the MTA will introduce an OMNY card at retail locations throughout the New York region.
- Also in 2021, the MTA will begin to install new vending machines at locations throughout the system.
- OMNY readers accept contactless cards from companies such as Visa, Mastercard, American Express, and Discover, as well as digital wallets such as Apple Pay, Google Pay, Samsung Pay, and Fitbit Pay.
- Following the completion of OMNY installation at all subway turnstiles and on buses, the MTA will introduce all remaining fare options, including unlimited ride passes, reduced fares, student fares, and more.
- Only after OMNY is fully available everywhere MetroCard is today, expected in 2023, will the MTA say goodbye to the MetroCard.
- The MetroCard was first tested in the system in 1993, debuting to the larger public in January 1994. All turnstiles were MetroCard-enabled by May 1997 and all buses began accepting it by the end of 1995. Tokens were sold until April 2003 and acceptance was discontinued that May in subway stations and that December on buses.
- Purchasing your fare with cash will always be an option. Additional info about OMNY is available at [OMNY.info](https://omny.info).

OMNY readers are active at the following stations:
