

Culver Line Signal Modernization

Making service more reliable in Brooklyn

We're upgrading the signaling system on the  from Church Av to W 8 St

The current signals are about 70 years old—and are one of the reasons your  service is sometimes unreliable. We're installing a new, modern signaling system to decrease delays and keep you moving for decades to come.

Work starts the weekend of March 20-23 and will continue most weekends, and some weeknights, in 2020. Additional service changes will continue in 2021.

On weekends, free Culver Link buses will replace  trains between Church Av and Coney Island-Stillwell Av. There will be no  service at these stations:

Ditmas Av
18 Av
Avenue I
Bay Pkwy
Avenue N
Avenue P

Kings Hwy
Avenue U
Avenue X
Neptune Av
West 8 St
Coney Island-Stillwell Av

For more information visit new.mta.info/CulverLine #CulverLine

Post: Upon receipt, F line, platform walls and CICs, Church Av to Stillwell Av.
